Tax Law Changes May Result in Taxpayer Savings

Remember how welcome that tax rebate was last Spring? Well, the rebate was only one small part of a new law that can lead to additional tax savings for millions of Americans filing returns this year.

For instance, the "low income allowance"—a tax free allowance designed to remove low income taxpayers from the tax rolls—has been increased to \$1,000 for a single taxpayer, to \$1,900 for married persons filing jointly and to \$950 for married persons filing separately. This, of course, is above and beyond the \$750 provided per exemption.

Generally, to figure the amount on which a taxpayer must first pay tax, add \$750 for each exemption to the low income allowance. A single person, therefore, could earn up to \$2,250 tax free; couples without children up to \$3,400. As another example, a married couple filing jointly with three children normally would be entitled to five exemptions (one exemption for husband, wife and each child). This means the family would not have to pay tax on income up to \$5,650 (\$750 x 5 = \$3,750; \$3,750 + \$1,900 = \$5,650).

In addition to boosting the low income allowance, the new legislation also has increased the standard deduction to 10 percent of the taxpayer's adjusted gross income, to a maximum of \$2,300 for single persons, \$2,600 for married couples filing joint returns and \$1,200 for married persons filing separate returns.

Taxpayers should use the standard deduction only if it exceeds itemized deductions. To see how the standard deduction works, take the case of a husband and wife who have an adjusted gross income of \$15,000 and file a joint return. If they claim the standard deduction they would subtract \$2,600 (10 percent of \$15,000) from their adjusted gross income. If the couple could only claim \$2,200 in itemized deductions, they should claim the larger standard deduction.

Taxpayers should compute their tax both on the standard deduction and on itemized deductions to determine which way they come out ahead.

Something else that's new in the law will not affect 1975 taxes, but generally will shrink many a tax bill for 1976 and thereafter. The change is in the child and dependent care law. Basically, the law permits a taxpayer to deduct a maximum of \$400 a month, as an itemized deduction, for the cost of caring for a child or for a disabled dependent or disabled spouse, while the taxpayer is employed on a job or looking for work.

Although the change does not increase the maximum monthly deduction, it does allow taxpayers to earn more money without experiencing a drop in the deduction permitted. Previously, taxpayers with an annual adjusted gross income over \$18,000 could not claim the entire deduction. They have

SNOW BLANKET ARRIVES ON THANKSGIVING DAY

Upwards of five inches of snow arrived simultaneously with the Thanksgiving holiday last Thursday. The first appreciable snow cover of the year, it was preceded by a light dusting the first of last week. Warmer temperatures and rain practically removed the traces of the holiday storm. Mid-week brought cooler temperatures and snow flurries on Wednesday.

COLEMAN RETURNS TO DIRECT SKI TOURING ACTIVITIES AT SUNDAY RIVER INN

David Coleman, ski touring director at Sunday River Inn's ski touring center for the past two years, has returned to the area to resume his duties for the 1975-76 season. Coleman, a certified ski touring instructor, is the Maine representative on the board of directors of the Eastern Professional Ski Touring Instructors (EPS TI) and a member of the organization's certification board.

Coleman lives with his wife, Terry, and year-old daughter, Sarah, in the Esther Williamson camp just up the ski trail from the touring center, a location that allows him to ski to work every day. According to Coleman, "if you have to commute to work, skiing is the only way to go."

This year due to the great increase in interest in the sport of ski touring, the touring center has been expanded into a recently completed addition at the Inn. The new building will house all the activities of the center including instruction, equipment rental, ski repair, and touring equipment and clothing sales. The basement of the addition will serve as a warming and ski waxing room.

The touring center will continue to maintain a network of about 25 miles of trails on woodlands generously offered by various private landowners in the Sunday River valley. All trails begin at the touring center where trail maps and information are available.

An excellent selection of touring equipment and accessories as well as a wide range of clothing suitable for wear while ski touring is available for sale at the touring center. This merchandise has been especially selected for tourists by the Kalleys of Sunri Ski Shop of Bethel.

had to reduce their otherwise allowable expense by one-half the amount over \$18,000, so that taxpayers with an adjusted gross income of over \$27,000 have not been permitted to deduct any household and dependent care expenses.

With the change in the law, individuals may have as much as \$35,000 in adjusted gross income in 1976 and still qualify for the full child and dependent care deduction. The deduction will not be phased out entirely until taxpayers' income exceeds \$44,000.

In any case, before claiming the child care and dependent care deduction, taxpayers should read the instructions provided with their tax forms very carefully. If they still have a question about eligibility or how to compute the deduction, taxpayers should call their nearest Internal Revenue Service office toll free. It's particularly important to remember that the highest limit on adjusted gross income will not take effect for most taxpayers until 1978.

Taxpayers in the Augusta area can contact the IRS by calling 622-2761. Persons in outlying areas may call toll free 1-800-452-8750.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen held their semi-monthly meeting on Nov. 24 with all members present, also including Acting Town Manager Harold L. Bean and Town Clerk Merton Brown.

Robert Crane and Robert Chabourne appeared before the Selectmen relative to their road in the Pleasant Valley Development at West Bethel. Following discussion of the road as built the Selectmen voted to approve the road as constructed and will submit an article to the voters at the next annual town meeting to accept a deed to the right of way. As a condition to acceptance a culvert must be installed where it intersects the Flat Road. Also the town is to have an easement along the line between lots 14 and 15 to a strip of land 12 feet in width for drainage purposes. Also approved the acceptance of a check to cover the estimated costs of tarring. The check in the amount of \$2,300 has been deposited in the Bethel Savings Bank in an escrow account.

The revaluation contract with the James Sewall Co. who are presently revaluing Bethel properties calls for a Land Committee to work with the company appraisers to establish land values. It was voted that the Board of Assessors serve as the Land Committee.

It was voted that the Acting Town Manager and staff review the Welfare guidelines for the purpose of making proposals for any changes.

The flag at the Common will not be flown during the winter months, but will be resumed starting next May 1.

Ten outstanding expired tax liens covering the period from 1969 through 1972 inclusive were reviewed. The following actions were taken: Five liens are to be transferred to a newly established account headed Tax Acquired Property. Actually the five liens cover two properties. In the case of two liens the former owners are to be notified that the liens are on file with a suggestion that they be settled, otherwise the Selectmen can proceed with further action. Three liens on trailers were written off, the trailers having long since been removed from town or the balance so insignificant it is not worth the effort to attempt collection.

Winter Carnival Program to be Finalized Dec. 8

The calendar of events for the Winter Carnival Program will be finalized on Monday, Dec. 8 by the Greater Bethel Chamber of Commerce and be prepared for printing in time for the Christmas holiday skiers. Please EVERYONE planning an event or sale that you would like to have publicized get your information to Maggie Philippon before this date.

The Chamber received inquiries this week from a carpenter and a welder who would like to relocate to this area. Anyone who has one of these job opportunities available can contact Maggie Philippon for further information.

A change from the norm: New Chamber officers will assume responsibilities following Winter Carnival activities. January had been the reorganization time, but this makes continuity of efforts for this Bethel winter promotion very difficult.

Letters will go out this week to all businessmen in the Greater Bethel Area informing them of the goals and efforts of the Chamber. It is hoped that many will take this opportunity to give the Chamber of Commerce their support in helping to stimulate business and economic growth of the entire area.

TELSTAR DRAMA CLUB

TO PRESENT

SUSPENSE PLAYS, DEC. 18 & 20

Yes, there is a drama club at Telstar and this year we're already busy with two one-act plays. There is a new wrinkle, too. Under the leadership of Brian Flynn, the club is using student directors.

"Portrait of Dorian Gray" by Oscar Wilde is the story of a man and the strange changes in him after his portrait is painted by an aspiring painter. This stars Jack Taylor, Lani Poland, Victor Hathaway, Thea Tracy, Marcia Mills and Malinda Brown. It is under the direction of Debbie Buck.

The mystery play "Marked for Murder" is a chilling tale of murder with an ironic twist at the end. Susanne Royer, Scott Wight, Scott Dennis, Thea Tracy, and Marc Packard, head the cast under the direction of Lani Poland.

Both plays, set in the early 1900's, are interesting and make for an evening of entertainment, and would be enjoyed by all. Be sure and attend, Dec. 18 and 20 in the Telstar Auditorium.

KIMBALL FAMILY BOARD MET ON NOVEMBER 15

On Nov. 15, the Board of the Kimball Family Association met with their President, Russell M. Kimball, at the N. H. Highway Hotel, Concord, N. H.

The date for the 1976 Reunion, which will have a Bicentennial Theme, has been set for Aug. 4, and the place will be Bridgton Academy at North Bridgton, Maine, where the Association held its first three Reunions, 1968, 1970, 1971. President Russell Kimball will also serve as the General Chairman, and is in the process of appointing committees which will be announced in the January and April Newsletters.

The Board voted to place \$400 in the Genealogical Fund at this time. The Fund was created by the profits from the sale of the Kimball Family of America reprints, a project initiated and carried to completion by Mrs. Estella Martin, of Rumford Point, Maine.

Interesting reports were heard on the rapidly growing files of Kimball data being kept by Genealogical Committee Co-Chairladies: Mrs. Charlotte K. Bedard of Athol, Mass., and Mrs. Jeanette Kimball of Danville, N. H.

An inventory of Kimball supplies is being taken, with plans to reorder the crest bookplates, in charge of Mrs. Eunice Kimball, Middletown, Conn., and Kimball hats by the President. Crests are still available from First Vice President Robert H. Kimball III, 147 Maple Street, Needham, Mass. 02192 at \$3.00 each or two for \$5.00. Information will be carried in the January Newsletter about the stationery and where obtainable.

The pamphlet history of this Association, which is considered important reading by each member, is available at \$1.00 to defray costs by writing Mrs. Elizabeth M. Carter, Box 44, West Bethel, Maine 04280.

President Kimball announced that he had appointed the following as State Chairpersons: Mrs. Eunice Kimball to continue in Connecticut; Rupert Kimball, 7 Dartmouth St., Nashua, N. H., in New Hampshire; and Bertrand Kimball, 107 Sweet Ave., Pawtucket, R. I., for Rhode Island. Chairpersons are yet to be appointed for Massachusetts, Maine and Vermont. Also it was concluded that membership has reached a point where it is large enough to merit a chairman in New York State.

President Kimball announced also that he has appointed Connecticut Chairlady, Mrs. Eunice Kimball, 68 Newtown St., Middletown, Conn. 06457, as General Chairperson over all State Chairpersons. She has done considerable work in her own state on which she will share her ideas, to aid the other states in their organization.

Mrs. Beatrice Kimball, 49 Richards St., Manchester, N. H., who is Second Vice President, has been asked to set up and conduct an essay contest among Kimball young people—the objectives having been established by Honorary Directors, Senator Florence B. Reynolds, Omaha, Neb., and Dr. Charles N. Kimball, Kansas City, Mo.

Mrs. Carlton G. Champe, Education Fund Director, reported that nearly \$100 had been added to this fund from the Reunion raffle. The President would welcome

IN MEMORIAM
In Loving Memory of Mary and Lisa Howard

Is the sun shining bright in heaven
as you look down at our place
Or is there a warm breeze blowing
soft against your pretty face.
God decided to take you and Lisa
to live on heaven's hill
I really never understood why
and today, I don't know still.

I know my heart aches for you
now as much as in the past
Sweet memories of you both are
in my heart
and forever they will last.

Your special times of year
still mean an awful lot to me
And if you could look in my eyes
tears of grief you would see.
But life must go on without you
we find the strength from within

Because deep down in our hearts
we know
we shall all meet again.
And on that far and distant shore
we'll all meet again some day
But not until God wills it
and when, that's impossible to say.

So as the years come and go
we'll do the things we must
We'll live our lives here to the fullest
and place in God, our trust.
Lovingly,
Mother, Sisters & Brothers

RUMFORD HISTORIAN REVIEWS BOOK ON SUBJECT OF POOR FAMILY OF ANDOVER
by Randy L. Bennett

Recently, I came across a new book on the Poor Family of Andover that certainly is one which Bethel readers should be informed. The importance of the mere existence of the volume calls for this.

The book is called, "Yankee Family," and was written, using mainly primary sources, by James R. McGovern of the University of West Florida. In this study, which encompasses more than just a study of the Poores themselves, a scholarly work with many footnotes appears which while substantiating the Poores as one of the most prominent families in Oxford County, gives a summary of the roles they and the Pierce family (the Poores married into the Poores) as middle-upper class citizens and a typical couple of New England families had while experiencing American life. The book consists mainly of the Poores as an example of the decline of the great Anglo-Saxon regime in America. When the immigrants came to this country in great numbers in the late 19th century, the end was near for the Poores and families like them that had controlled the community they lived in (in this case Bangor and Andover, Maine, and New York City and Brookline, Mass.).

The book is well illustrated with family and local views, not the least of which is the Merrill House at Andover, home of Henry Varum Poores ancestors, the Merrills, in which the descendants of the Poores, the Chandlers, live today.

The book is a remarkable addition to anyone's Maine collection and is a thorough study of a Maine family in its rise and decline years as the nation and national changes affected them.

Illustrated, 191 pages. Order from Polyanthos, 811 Orleans Street, New Orleans, La. 70116.—\$15.00.

Letters to the Editor

Rumford Community Hospital
Rumford, Maine

Dear Sir,
I am writing this to tell you and the town of Bethel how grateful I am for your emergency ambulance service. In the evening of Nov. 8 I fell off a ladder in a foundation and smashed my hip. Your ambulance was there in short order. They had quite a problem as I was laying seven feet down in the foundation and it was raining buckets.

Mr. and Mrs. Arthur Cummings and others whom I did not get their names put me on a board and lifted me seven feet to the sub-floor and over a ditch, as it is not back filled. They did such a smooth job of it that I had very little discomfort. Mr. and Mrs. Cummings then took me to the hospital in Rumford. They really went out of their way to give me comfort. They kept my spirits up until I was settled in the hospital. They have been to visit me twice since.

Thank God for people like Mr. and Mrs. Cummings. If everybody was like them this would be a far better world.

Gratefully,
Paul Loring

To the Editor:
Mrs. Collista Morgan, correspondent from Greenwood City, really captured all the mystique and loveliness of this Thanksgiving Season in her note of Nov. 27. She is indeed a true artist with her wise and wholesome words that come to us refreshingly once a week. Would that I could write like that!

My wife, Mary, and I moved here permanently in July of '74 after twenty-five years in the "big" city of Baltimore. We planned it some two decades ago during our days in this human hamlet as "campers" since 1947.

For all to know, we would not want to live anywhere else, ever. Mrs. Morgan really put the whole thing together in her Thanksgiving piece. While we had invitations to go elsewhere for the holiday, we chose to stay right here.

Very truly yours,
John J. Willard,
President GROC

Mr. Editor:
Yes, to answer the concern of Mr. Gibbons, Bethel citizens are indeed concerned about wanton, malicious damage of the nature that has recently occurred at NTL. We deeply regret that incidents of this nature can happen in Bethel.

Because of the remoteness of NTL Corporate Headquarters in Washington, D. C., the Greater Bethel Chamber of Commerce will support NTL in efforts to bring the offenders to justice.

Please call and let me know your answer.

Sincerely,
R. E. Gibbons

BOY SCOUT TROOP 565 ACTIVITIES

On Nov. 15 the troop held a twenty mile bike-a-thon which raised \$110.00 to be used toward the purchase of tents, saws, axes and other needed camping equipment. The troop now has \$201.28 in their account with more coming in from the bike-a-thon and from the sale of first aid kits.

Upcoming activities for meetings include knife and ax training, first aid, forestry activities, and the making of patrol flags. A father and son bowling day is tentatively planned for Sunday, Dec. 14, with a tour of McDonald's following.

It is registration time again and boys are reminded to bring in their money for the upcoming year. The troop now has 20 boys, with four to seven new cubs coming in this fall.

Finally, the Order of the Arrow from the Pine Tree Council will be giving a presentation about their activities and holding elections for our troop sometime in the next few months.

LEAVITT EDGES TELSTAR BY SINGLE POINT, TUESDAY IN BASKETBALL OPENER

Host Leavitt, with only one of 15 players returning from last year's tournament team, defeated Telstar of Bethel despite a stone-cold shooting night. Tuesday, 36-35.

Richard House threw in two foul shots and Anthony Leavitt, the only returnee, sank three more in the final 30 seconds for the margin of victory. The Hornets won despite going 13-for-45 from the floor and 10-for-20 from the charity stripe.

Telstar, which has a veteran outfit, simply was even colder. Leavitt led all scorers with 21 points, while Mal Bennett had 12 for the Rebels.

Telstar will host Jay on Friday evening of this week, and Mexico next Tuesday night.

Every morning when we gaze over the little very placid cove of Round Pond which we can see from our living room, we take a moment to bless what Mrs. Morgan describes so eloquently. It is nice to be home at last.

Love from both of us to all our Greenwood Neighbors,

Upton

Mrs. Arline Bernier, Corres.

Some local people sighted UFO's this week. They described them as red and green lights which alternated rapid movement with apparent hovering.

Guests at Berniers during the week included Laurie Bergeron and Lieutenant Melanie Stosser of Temple, the Lucien Berniers of Auburn, Joe Bernier and Penny Pelletier of Auburn; S/Sgt. Andre Bernier and family of Plattsburg, N. Y.

Thanksgiving day brought the first real snow of the season. It made for bad traveling Friday. Carol Larson left the road when she tried to pass a slow moving vehicle, but was fortunate to receive no damage to passengers or vehicle.

Mr. and Mrs. Lecomte spent the holiday in Massachusetts with friends.

The Brennonns had several guests over the week end from Massachusetts.

Some local hunters got deer and several hunters got deer locally.

Dr. and Mrs. Chittum, daughters Linda and Nancy, and Joe Zahradnik were at the Chittum camp over the holidays.

Several of the Harris family of LeRoy, N. Y., were at the Harris home on Mill Street during the week.

I would appreciate having people call in news they don't mind being in this column. I avoid writing rumors, or illnesses that might worry friends in other towns unnecessarily or absence, which might invite break-ins.

ATTENDING HISTORICAL SOCIETY Session on Nov. 24 were 1. to r: Mrs. Maurice Kendall, Miss Mary Minor Smith, Mrs. Lincoln Flske Jr., and Thomas Gibbs.

BETHEL HISTORICAL SOCIETY WHITE MOUNTAIN SERIES IS A SUCCESS

The Bethel Historical Society instigated three programs this fall: two were craft courses and the other was purely educational. Under sponsorship of the Society, Randy L. Bennett of Rumford, an avid collector of White Mountain memorabilia, conducted the nine sessions which consisted of lectures, class discussions, a field trip, guest speakers and his own slide presentations.

Beginning Oct. 6, the series examined such topics as early mountain Indian Lore, the settlements comprising the White Mountains, the history of Mount Washington, including the story of both the Cog Railway and the Carriage Road (1869 and 1861 respectively). Among the speakers were Casey Hodgdon of the Gorham, N. H. Historical Society, Guy Gosselin, Director of the Mt. Washington Observatory on the summit, and Douglas A. Philbrook, Manager of the Mount Washington Auto Road. Along with this was a fine presentation by a representative group of the Appalachian Mountain Club. The field trip consisted of supper, then a tour and finally a slide lecture by Bennett on the "Author, Poet and Painters" of the Hills at the historic Philbrook Farm Inn (1834) which holds the distinction of being the oldest Inn in the United States run by the same family. The Inn has been in the family since the late 1850's.

The course was taught every Monday evening at 7:30 - 9:00 and

RECREATION SURVEY RESULTS

PART 2

The second part of the Survey Results deal solely with question 6: future recreational development. To facilitate reading and interpretation, we chose to list according to popularity, the standing of each category. Out of a total of 275 returns, the results are:

1. ice skating facilities (228 votes; 83%)
2. a public beach area on Songo Pond (216 votes; 79%)
3. trails for hiking, cross-country skiing, snowmobiling, bicycling (207; 75%)
4. a summer playground program (205; 75%)
5. a community recreation center (181; 66%)
6. tennis courts (172; 63%)
7. a central park area (148; 54%)
8. basketball courts (147; 53%)
9. summer sports league teams for adults and children (147; 53%)
10. an arts and crafts center (140; 51%)

(At this point, the above received at least 50% approval)

10. downtown beautification (130; 47%)
11. rifle, skeet shooting, black powder (113; 41%)
12. winter adult basketball (109; 40%)
13. a wildlife management area (99; 36%)
14. more ballfields (97; 35%)
15. a year-round swimming pool (83; 30%)
16. cultural center for the performing arts (79; 27%)

While Part 1—Survey Results (see Bethel Citizen, Nov. 27) gives us a good indication that the need for recreational services, is definitely felt by area citizens, Part 2 Results point directly to the areas of most concern: those services felt to be most vital. Many questionnaires were returned with well thought out comments. For example: where to get the money, who will oversee these services, should the taxpayers be burdened with the costs of these services (next week we will detail some of these comments for your own interpretation). We feel that these results show evidence that the next step for Bethel to take, is to see that a Recreation Board is established (77% of returns indicate the citizens are in agreement with this conclusion). It would be the job of these five to seven unpaid Board members to further investigate the survey results, and to conduct a survey of its own. This survey would be used to determine what are the actual existing facilities presently available which can and are being used for recreational purposes, and would serve to collect information concerning exactly what services are currently being offered by local schools, service clubs, and similar organizations. Upon the collection of this information, the Board would then use it to determine priorities, make both a long and short term service plan, seek funding, and seek help from and coordination with local service organizations. The primary goal may well be, and most certainly should be, to provide the greatest possible number of services for the largest number of people, at the least possible expense to the taxpayers. In other words, the most enjoyment, for the most people, at the least direct cost to everyone, during these economically trying times.

Response to these survey results and interpretations by area citizens are encouraged. Thanks go to everyone who participated. We are pursuing this with the greatest optimism.

RUMFORD HOSPITAL TO OBSERVE DIABETES WEEK, DEC. 8-12

Citizens of the area are encouraged to go to the Rumford Community Hospital laboratory next week, Dec. 8-12, and be tested for diabetes.

The hospital is observing that week as Diabetes Week. Blood sugar tests, taken two hours after eating a full breakfast or lunch, will be offered between the hours of 9 a. m. and 2 p. m. for a fee of \$2. This procedure is recommended by the American Diabetes Association as a more reliable method of detecting early or mild diabetes.

According to the American Diabetes Association, diabetes is the fifth leading cause of death by disease, the second leading cause of new cases of blindness, and a major cause of heart attack and kidney failure. Early detection of diabetes and proper control improve a person's chances of leading a productive life.

Since it is important that those wishing to have the blood sugar test eat a full breakfast or lunch two hours before the test, the following ample menus are suggested: (Other menus are available in the hospital lobby).

Breakfast: Large glass (6 to 8 oz.) of sweetened orange juice or other fruit juice, or one-half grapefruit with at least two teaspoons sugar.

Three or more medium or large hot cakes with one-fourth cup (2 oz.) of syrup or honey, or one cup cooked or 1 oz. dry prepared cereal with cream and two teaspoons sugar and one slice of toast with two teaspoons jelly, jam, or honey.

Plus choice of: Coffee, tea, or cocoa with two teaspoons sugar, or one-half pint milk. Cream and butter as desired.

CARD OF THANKS

No words can express our inward feelings toward the friends we have made during our ten year stay in Bethel. As we travel to our new home in Delaware, we wish to give thanks for the opportunity of having lived and learned about another part of our land and its people, an experience that will never be forgotten. May you all grow in God's grace.

Sincerely,

Earl and Rose Warrington
